

## GREENWAYS

John Ketner and Bob Folwell shake hands at a meeting where cooperation between Greenways and KCC was discussed.

## FALL CLEANUP

We had a good turnout at the October 6th cleanup at Peter Yarnell Park. With 11 hard-working pairs of hands, two trimmers, and a tree branch chainsaw lopper, we got a lot done. Larry and Steve even got the old lawn mower going. The park now looks neatly trimmed, although some painting still needs to be done.

## SEA KAYAKING THE CHESAPEAKE

The Chesapeake is beautiful any time of year, and its sunsets can be spectacular. This picture was taken near Blackwater Wildlife Refuge, while paddling just off Taylor's Island. Don't miss next year's trips to the Chesapeake!
